Official Papers.

Abstract of Season or Intermediate Report for the Week ending 14th January 1882.

Bangalore District.—No rain during the week. Crops generally in good condition. Kartika paddy crops withering in parts owing to the want of sufficient water in tanks. Ragi has been harvested. Prospects of season favorable. Public health generally good. Fever and ague prevalent in some places and small pox in the Closepet Taluk. Drinking water and pasturage sufficient. Staple-grains continue to be imported as usual from the surrounding Districts. Prices of ragi and rice almost stationary, the former selling at 26½ seers and the latter at 11½ seers per rupee; that of horse-gram has fallen to 38 seers.

Kolar District.—Standing crops generally in good condition. Wet crops suffering from disease in parts of the Srinivasapur Taluk, as also sugar-cane in the Goribidnur Taluk. Paddy under small tanks with a deficient supply of water not doing well. The harvest of early crops is rapidly being completed. Out-turn expected to be generally below average. Drinking water and pasturage sufficient. Public health generally good. Measles and small-pox still prevalent in some places. Cattle disease prevalent in four taluks. Prices: rice 12½ to 13½ seers, and ragi 30 to 38 seers per rupee.

Tumkūr District.—In parts of the Tumkūr, Kortagere and Kunigal Taluks the wet crops are withering for want of water. In the Honnavalli Taluk all the crops except cocoanut are in a backward condition. In the Sira Taluk Bengal-gram was slightly damaged by the late rains. Elsewhere crops in fair condition. Ragi, ballar, horse-gram, oil-seed, and tuvar were harvested. Prospects of season fair. Public health good. Fever and small-pox in parts of two taluks. Cattle in a healthy condition. Drinking water and pasturage sufficient except in the Honnavalli Taluk. Prices of grain were: rice 11½ to 13 seers, ragi 25 to 36 seers, and horse-gram 32 to 50 seers.

Mysore District.—Standing crops, viz, oil-seed, horse-gram, tuvar, Bengal-gram, ballar, tobacco and hain cholam are flourishing. Ragi, horse-gram, black-gram, paddy, tuvar, sámé and navane are being still harvested in some parts. Prospects fair. Pasturage and water supply sufficient. Public health good. Prices stationary. No emigration during the week.

Hassan District.—Standing crops in the Hassan Taluk withering for want of moisture; those in the Haranahalli Taluk in bad condition. Elsewhere they are partly in poor condition and partly fair. Ragi, paddy, sugar-cane and horse-gram were principally harvested. Prospects of season not improved.

Public health good except in parts of some taluks where fever and small-pox prevail. Cattle generally healthy, but murrain prevalent in parts. The supply of drinking water was scarce in most parts of the District. Pasturage insufficient in three taluks. 1,178 persons left their homes for employment elsewhere, of whom 103 left on account of distress. Prices : rice 12 to 20, ragi 20 to 29 and horse-gram 24 to 50 seers per rupee.

Shimoga District.—The standing crops were Bengal-gram, avare, horse-gram, aralu, sugar-cane, navane, togari, paddy and ragi. Bengal-gram is attacked by insects in Honnali. The other dry crops are in poor condition and in need of rain. Kar paddy was sown under the Sulekere lake. Jola, ragi, horse-gram, sugar-cane and paddy were harvested. Fever and eye affections prevalent. Small-pox prevalent in Sagar and Nagar. Prices : rice 12 to 17 seers, ragi, 22 to 32, and jola 24 to 28 seers per rupee.

Kadur District.—Standing crops : sugar-cane, paddy, wheat, Bengal-gram, horse-gram, togari and ragi in fair condition. Sugar-cane, ragi, ballar and horse-gram were harvested in the Maidan, and rice and coffee in the Malnad. Recent rains have done considerable damage to the rice crop which was being harvested. Prospects of season fair. Health good. Murrain prevalent in parts of the Chikmagalur Taluk. Drinking water and pasturage improved. Prices : rice 11 to 16 seers and ragi 22 to 28 seers per rupee.

Chitaldroog District.—Seventy cents of rain at Hiriur and 10 cents at Budihal. Rain also fell in parts of the Hosdurga and Pavagada Taluks. Standing crops in good condition except the very young crops which are fading. Ragi, javari, paddy, navane, samé, Bengal-gram, cotton, sugar-cane, gingelly oil-seed, baragu, chillies and horse-gram were harvested. Prospects of season good. Public health good. Cattle suffered from hoof disease and murrain in some parts. Water supply scanty in parts. Forage and dry grass sufficient. Prices : rice 10 to 14, ragi 28 to 48 seers and javari 30 to 40 seers per rupee.

By Order,

T. SRINIVASAIENGAR,

For Secretary.
